
Battery supplier for Rome energy storage power station

What is the largest storage facility in Italy with Second-Life batteries?

Inauguration of Pioneer, the largest storage facility in Italy with second-life batteries, providing power to the airport Leonardo da Vinci in Fiumicino.

Who makes energy storage batteries?

Below are ten of the most influential energy storage battery manufacturers worldwide, covering a wide range of applications from residential to commercial and grid-level storage. The list is in no particular order: 1. CATL (Contemporary Amperex Technology Co., Limited) - China One of the largest manufacturers of lithium-ion batteries globally.

What is Pioneer Energy Storage?

Pioneer is the largest energy storage facility in Italy powered by second-life batteries, built to support the energy needs of Leonardo da Vinci Airport.

Who makes LiFePO4 batteries?

GSL Energy - China A dedicated LiFePO4 battery manufacturer offering residential, industrial, and grid-level storage solutions. GSL Energy supports OEM/ODM/OBM services and has exported to over 138 countries with certifications including UL9540, CE, CB, and IEC.

Rome's Fiumicino Airport now uses second-life EV batteries to store solar energy and cut 16,000 tons of CO2 over ten years.

Mercedes-Benz Energy is contributing to improving the energy efficiency of Fiumicino Airport in Rome with its battery storage solutions. Repurposed vehicle batteries are used as stationary energy storage units.

Italy, June 3, 2025: Enel and Aeroporti di Roma (ADR) have officially launched the Pioneer project, a groundbreaking energy storage initiative designed to accelerate decarbonisation ...

As the global demand for renewable energy grows, energy storage batteries have become critical components in modern power systems. Below are ten of the most influential energy storage battery ...

10 MWh energy storage system repurposes 762 end-of-life EV batteries, supporting peak power needs and decarbonization. Expected CO2 reduction of 16,000 tons over the next ...

GOSTA was founded in 2004, initially working as a sub-company of GOODSKY (Taiwan ELECTRONICS MANUFACTURER). In 2017, company Invested in one production line to ...

Mercedes-Benz Energy is contributing to improving the energy efficiency of Fiumicino Airport in Rome with its battery storage solutions. Repurposed vehicle batteries are ...
