
Main circuit breaker factory in Canberra

What are nhp circuit breakers?

NHP's range of circuit breakers features a complete range of quality products for the protection of an electrical installation against overcurrent's and short circuits in industrial, commercial, and domestic applications.

What types of circuit breakers are available?

From miniature breakers to air circuit breakers and accessories, our solutions are built to safeguard people, equipment, and assets in every environment -- with full local support and compliance. Our range includes MCBs, MCCBs, ACBs, RCBOs, RCCBs, and accessories giving you everything needed for tailored protection at any scale.

What is a miniature circuit breaker?

NHP's Miniature Circuit Breakers offer a broad range of current ratings from 0.5A to 125A; typically in 6kA and 10kA fault levels for domestic light commercial applications to commercial, industrial and mining solutions. Accessories include auxiliaries, shunt trip, pin terminals, busbar comb and captive locks.

What is an air circuit breaker?

Air Circuit Breakers (ACBs) serve as the primary protective devices in large switchboards or for directly powering significant equipment. They automatically disconnect the power supply in the event of faults or overloads, ideal for use in large buildings, manufacturing sites and projects with a high demand for low voltage power.
